

You're INVITED

An information session for the newly-formed

High Performance Computing (HPC) Student Group

SDSC
SAN DIEGO SUPERCOMPUTER CENTER

Friday, January 18, 2019 @ 2:00 PM – 3:00 PM

SDSC Conference Room 408

Located between Hopkins Parking & RIMAC, from central lobby (west), take elevator to 4th floor

PIZZA will be served!

The group will study advanced HPC topics including

Building a Supercomputer
Scientific Computing
Cloud Computing
Container Technologies
GPU Accelerated Computing

Software Optimization
Parallel Code at Scale
Applied Data Science
Environmental Modeling
Deep Learning

*Students of all experience levels and majors who are interested in HPC
are invited to attend, including*

Applied Mathematics
Bioengineering/Bioinformatics
Cognitive Science
Computer Science and Engineering
Computational Physics

Data Science
Economics
Electrical and Computer Engineering
Environmental Systems
Social Sciences/Arts/Humanities
